在pom文件中设置如下即可

```xml
1.  <repositories>
2.      <repository>
3.          <snapshots>
4.              <enabled>true</enabled>
5.          </snapshots>
6.          <id>public</id>
7.          <name>Public Repositories</name>
8.          <url>http://192.168.18.225:8081/nexus/content/groups/public/</url>
9.      </repository>
10. </repositories>
11.
12. <pluginRepositories>
13.     <pluginRepository>
14.         <id>public</id>
15.         <name>Public Repositories</name>
16.         <url>http://192.168.18.225:8081/nexus/content/groups/public/</url>
17.     </pluginRepository>
18. </pluginRepositories>
```
